

## Brand New Ways

Paul Kelly

I've been giving it all away  
All my precious pearls to swine  
You took my treasures and trashed them  
I was blind  
Now I've got to find  
Some brand new ways

You've been taking it all around  
Just like a little honey bee  
You took your honey pot and jammed it  
You did me wrong  
Now the time has come  
For brand new ways

Yes I heard your explanations  
And I swallowed all your lies  
I didn't know I could be so foolish  
I never saw it in your eyes  
I've been hanging on much too long  
I've been dangling on a thin, thin thread  
Well I'd be better off dead and buried  
For all time  
Unless I can find  
Some brand new ways  
Got to find  
Some brand new ways
