

# Christmas

Paul Kelly

Christmas up where I came from  
New Year's Eve with my new friends!  
Christmas up where I came from  
New Year's Eve with my new friends!

It was fun living on the dream  
A big wide dream  
But I woke up to see  
To see for real

I wanna go back to the people I love

Sleeping in your world  
Sleeping in this thing  
Has brought a change in me  
A change for real

I wanna go back to the people I love  
I wanna go back to the people I love  
I wanna go back to the people I love

Christmas up where I came from  
New Year's Eve with my new friends!  
Christmas up where I came from  
New Year's Eve with my new friends!

Mother your children have grown  
Far away  
You talk to them on the phone  
Once a week

I wanna go back to the people I love  
I wanna go back to the people I love  
I wanna go back to the people I love  
I wanna go back to the people I love

I wanna go back  
I wanna go back  
I wanna go back  
I wanna go back  
Christmas up where I came from  
I wanna go back  
I wanna go back  
Christmas up where I came from  
I wanna go back  
Christmas up where I came from
