

# Don't Stand So Close to the Window

Paul Kelly

Oh Marlene, how we fell  
What we've done now we never can tell  
Bottle of wine, then another  
Suddenly we fell into each other

Don't stand so close to the window  
Somebody out there might see

Then the word on the wire  
Would be just like Ash Wednesday bushfire  
Kiss me quick, kiss me warm  
Put your dress on and hurry back home

Don't stand so close to the window  
Somebody out there might see  
And you're not supposed to be here with me

There's a way, there's a track  
One false move and there's no turning back  
Turn the page, close the book  
Walk out the door now with never a look

And don't stand so close to the window  
Somebody out there might see  
And you're not supposed to be here with me  
The walls have ears and the darkness has eyes don't you see?
