

Lenny (To Live Is to Burn)

Paul Kelly

Lenny's talking dirty with a head so pure
You just might call him poison
You might call him the cure

To live is to burn
To live is to burn
To live is to burn
To live is to burn

Pinned in the spotlight, heavy is the flesh
Jagged are is rhythms, heady is the flash

To live is to burn
To live is to burn
To live is to burn
To live is to burn

To live is to burn
To live is to burn
To live is to burn
To live is to burn

Tell you about it, tell you about it
Tell you about it, tell you about it
Tell you about it, tell you about it
Tell you about it, tell you about it

Lenny asks himself, Am I bad or am I good?
Lenny's found his stake, now he's dragging wood

To live is to burn
To live is to burn
To live is to burn
To live is to burn

To live is to burn
To live is to burn
To live is to burn
To live is to burn
[repeat to fade]
