

# Deep Down

Paul McCartney

Gonna get deep down  
Wanna do it right  
Wanna get deep down  
And look around  
This end of town tonight

Wanna get you up  
Gonna take a bite  
Gotta let me know  
If we can throw  
A party every night

Wanna get deep down  
Wanna do it right  
Wanna get deep down  
And look around  
This end of town tonight

I wanna pick you up  
Gonna get a bite  
Gonna let me know  
And we can throw  
A party every night

Gonna get deep down  
Wanna do it right  
I wanna get deep down  
And look around  
This part of town tonight

Wanna get deep down  
Wanna get deep down  
Wanna get deep down  
Wanna get deep down

Wanna get deep down  
I wanna do it right  
I wanna get deep down  
And look around  
This end of town tonight

Wanna get deep down  
I wanna do it right  
I wanna get deep down  
And look around  
This end of town tonight

I wanna pick you up  
Gonna get a bite  
Gonna let me know  
And we can throw  
A party every night

Gonna get deep down  
Wanna do it right  
I wanna get deep down  
And look around

This part of town tonight

I wanna get you up  
I wanna have a bite  
I wanna let you know  
That we can throw  
A party every night

Wanna get deep down  
Wanna do it right  
Wanna get deep down  
And look around  
This end of town tonight

I wanna get deep down  
Wanna do it right  
I wanna get deep down  
And look around  
This end of town tonight

Wanna get deep down  
Wanna get deep down  
Wanna get deep down  
Wanna get deep down

I need to talk to you  
I wanna to talk to you  
Come let me be with you tonight

I need to talk to you  
I wanna to talk to you  
Come let me be with you tonight

Wanna get deep down  
Wanna do it right  
Wanna get deep down  
And look around  
This end of town tonight

Wanna get you up  
(I need to talk to you)  
I wanna get a bite  
(I wanna talk to you)  
Gonna let me know  
(Come let me be with you)  
If we can throw  
A party every night  
(Tonight)

I wanna pick you up  
I wanna get it right  
Gonna let me know  
And we can throw  
A party every night

Gonna get deep down  
Gonna do it right  
I wanna get deep down  
And look around  
This part of town tonight

Get deep down  
(Get deep down)

Do it right  
(Wanna do it right)  
Get deep down  
Look around  
End of town tonight

Get deep down  
Get deep down  
Get deep down  
Get deep down  
Get deep down  
Get deep down  
Get deep down  
Get deep down

I wanna get deep down  
I wanna get deep down tonight  
I need to talk to you  
I wanna talk to you  
Come let me be with you tonight, tonight
