

Slidin'

Paul McCartney

I know there must be other ways
Of feeling free
But this is what I wanna do
Who I wanna be

And every time I try
I feel like I can fly
But I know that I can die trying

I'm slidin'
Gliding through the air
I can see my body through
Windows in my hair
I'm slidin'
Gliding through the air

I know nobody's dancing here
But us dragonflies
We're the only ones awake
We own the skies

Every time I try
I feel like I can fly
But I know that I can die trying

I'm slidin'
Gliding through the air
I can see my body through
Windows in my hair
I'm slidin'
Gliding through the air

I'm slidin'
Gliding through the air
I can see my body through
Windows in my hair
I'm slidin'
Gliding through the air
I can feel my body burn
Slidin' through the air
