

# This Loving Game

Paul McCartney

Somebody told me to walk away  
When love got hard and I had to play  
But you know it's such a shame  
Nobody knows how to play  
This loving game

Sometimes we all seem to act like fools  
But do we care who breaks the rules?  
I suppose it's all the same  
We never learn how to play  
This loving game

Do I love you after so much  
As I did before?  
Darling I could hardly love you more

I tried to look for some good advice  
Cos we all have to pay the price  
But till now, you never came  
I'll never know how to play  
This loving game

Do I love you after s-much  
As I used to do?  
No one knows me half as well as you  
Yeah, you know you do, you know you

Somebody told me to walk away  
When love got hard and I had to play  
But you know that it's still a shame  
Nobody knows how to play  
This loving game  
Nobody knows how to play  
This loving game  
Nobody knows how to play  
This loving game
