

If It's Really Love

Peabo Bryson

Here we are, you and I
Your soul and mine, suspended in time
Love has grown as cold as ice
Should I ask you what's wrong or leave it alone?
Tell me now, make up your mind
Let me know if I'm wasting my time
Before you leave this behind
Think it over again, and remember one thing

It's gonna be some cloudy days
When you're in love, we've been there before
I know that we can find a way
If it's really love
It takes nothing more than two hearts that beat as one
Whenever time I'm told love comes, yeah yeah, yeah

This is it, we're out of time
If we've come to the end, let's end it as planned
No regrets and no more lies
Say what you feel, let me know if it's real
If it's goodbye, it's gonna be hard
But I feel like we're drifting apart
Before we go too far, think it over again
And remember one thing

It's gonna be some cloudy days
When you're in love, we've been there before
I know that we can find a way
If it's really love, once is never enough
If it's love, yeah

Into this life, some rain must fall (some rain must fall)
That's the time to remember we had it all
We almost had it all
You're gonna need some pain to see you through
And somebody who loves and cares for you
Two hearts to hold you tight (hold you tight)
Until the early morning light, oh

It's gonna be some cloudy days
Oh, baby
I know that we can find a way
If it's really love
You know it takes loving more than two hearts that beat as one
Whenever time I'm told love comes

It's gonna be some cloudy days
(don't you know that loves would last for a lifetime)
I know that we can find a way
If it's really love
It takes nothing more than two hearts that beat as one
Whenever time I'm told love comes, oh
It's gonna be some cloudy days
Oh, baby
We can find a way
If it's really love
It takes nothing more than two hearts that beat as one

Whenever time I'm told love comes
