

Like I Need You

Peabo Bryson

I wanna know your intentions
Are you gonna stay? Will love just fade away from you?
We've got to make some decisions
Are we live or Memorex?
I've given all my best to you
Did I forget to mention my love

All my love, day and night
Tender love, wrong or right
For your love, I will fight
Although we're drifting apart, you're still in my heart
I'm gonna love you (I love you)
Until the end of time, baby
I'm gonna need you until the stars are burnt out and fall out the sky

I want you to want me (I want you)
The way that you used to do, oh baby now
I want you to need
Just like the flowers need rain, like I need you
Like I need you (like I need you)
I've got to change your direction
You don't know the facts, you keep pulling back from me
When I need some love and affection, all you do is play
Is this the way it's got to be?
Is this a true reflection of your love?

I need love, day and night

Tender love, wrong or right
For your love, I would fight
I would move heaven and earth when worse comes to worse
I'm gonna love you (I love you)
Until the end of time, baby
I'm gonna need you until the stars are burnt out and fall out the sky
I want you to want me (I want you)
The way that you used to do, oh baby now
I want to need me just like the flowers need rain
Like I need you

Don't, don't break my heart, baby (don't break my heart)
We're running out of time
I can't say goodbye (I won't let you go, my baby)
Give me one more try (you know I need you)
Flowers need rain, like I need you

I'm gonna love you (now and forever)
Until the end of time, baby
And I'm gonna need you
Until the stars are burnt and fall out the sky
I want you to want me (I want you)
The way that you used to do, oh baby now
I want you to need
Just like the flowers need rain, like I need you
