

# Still Water

Peabo Bryson

Oh, baby  
Still water runs deep  
Ooh-ooh-ooh...  
Oh-oh, oh, yeah

Into every life, short or long  
A little bit of rain has got to fall  
We've got to take it all in stride  
Let thy will be done  
He will always hear you when you call  
Anytime you call  
He will shine His faithful light  
Into the darkness of the night  
Whoa, baby

Still waters run deep  
And some things mean forever  
Like the stars in the sky  
Like a love that never dies  
Whoa, baby, still waters run deep  
And I've got myself together  
I believe in heaven above  
And the power of love  
Life is long for me and you

Into every life, a time will come  
When you feel your back against the wall  
Forget your foolish pride  
Let thy kingdom come  
And He will always be there when you call  
Anytime you call  
He will shine His faithful light  
Into the darkness of the night  
Whoa, baby

Still waters run deep  
And some things mean forever  
Like the stars in the sky  
He's got a love that never dies  
Whoa, baby, still waters run deep  
I've got myself together  
I believe in heaven above  
And the power of love  
Life is long for me and you  
Oh, yeah

Winning His heart to be strong  
Just remember what He said  
If you believe, He'll make the way  
And His love you can depend  
You don't have to be afraid  
His truth is the light  
And we're all precious in His sight  
Whoa, baby

Still waters run deep  
And some things mean forever

Like the stars in the sky  
Like the love that never dies  
Whoa, baby, still waters run deep  
I've got myself together  
I believe in heaven above  
And the power of love  
Life is long for me and you...
