

# Straight from the Heart

Peabo Bryson

Straight from the heart  
It's gonna take a little time  
You got to walk a straight line  
If you wanna win  
Coming straight from the heart  
It's gonna take a miracle  
More than just a physical  
More than a friend

When you fall in love  
You're livin' on the razor's edge  
Trapped by what you feel  
You don't know if it's real  
'Cause when you search for love  
Painting what you find instead  
So for heaven's sake  
You better learn how to wait

Coming straight from the heart  
It's gonna take a little time  
You've got to walk a straight line  
If you wanna win  
Coming straight from the heart  
It's gonna take a miracle  
More than just a physical  
More than a friend, yeah, yeah

Protect yourself  
Stay away from curious eyes  
That don't know what they see  
They'll never let you be  
Now don't forget yourself  
This world we live is still real life  
Some don't understand  
Some don't give a damn, no

Straight from the heart  
Straight from the heart  
Straight from the heart

Straight from the heart  
It's gonna take a miracle  
More than just a physical  
More than a friend, yeah

Care for me  
Like I'm gonna care for you  
I know we'll survive  
Can you gave me the light  
Yeah, yeah, yeah  
Carry on  
Doin' what you got to do  
Time will provide  
With love on our side

Coming straight from the heart  
It's gonna take a little time

Got to walk on a straight line  
If you wanna win  
I you really wanna win now  
Coming straight from the heart  
It's gonna take a miracle  
More than just a physical  
So much more than a friend...
