

Alrighty Aphrodite

Peach Pit

Take a seat back in your clamshell
If the oceans not enough, nor am I
Rollin in, I feel a dark swell
Crawling up the skin of my spine

If I'd known you sold on maybe
I'd a let you waste another guy
Well Alrighty Aphrodite
Go whip that red for other eyes

Run your morning bath in sea foam
Soak your milky skin in the tide
Little pearl you think you're in gold
But I can see the dirt in your lines

If I'd known you sold on maybe
I'd a let you waste another guy
Well Alrighty Aphrodite
Go whip that red for other eyes

If I'd known you sold on maybe
I'd a let you waste another guy
Well Alrighty Aphrodite
Go whip that red for other eyes
