Don't Ever Leave Me

Peggy Lee

Don't ever leave me, now that you're here
Here is where you belong
Everything seems so right, when you're near
When you're away, it's all wrong

I'm so dependent when I need comfort
I always run to you
Don't ever leave me, 'cause if you do
I'll have no one to run to

I'm so dependent when I need comfort
I always run to you
Don't ever leave me, 'cause if you do
I'll have no one to run to
