

# Fantastico

Peggy Lee

You are so fantastico  
I'm a lucky so and so  
I can't believe that such a fantasy is happening to me  
It's too fantastico

Every time you brush my cheek  
I grow strong and I grow weak  
It's such a crazy, crazy kind of feeling that it can't be real  
It's too fantastico

It's so great, it's so much  
Your embrace, your sweet touch  
Ecstasy, it's more than ecstasy  
When you are next to me  
And we can share a little kiss like this

You are so fantastico  
Out of my old mind, I go  
I can't believe this lover's fantasy is happening to me  
It's too fantastico

It's so great, it's so much  
Your embrace, your sweet touch  
Ecstasy, it's more than ecstasy  
When you are next to me  
And we can share a little kiss like this

You are so fantastico  
Out of my poor mind, I go  
I can't believe this lover's fantasy is happening to me  
It's too fantastico

I can't believe this lover's fantasy is happening to me  
It's so fantastico
