

# Lullaby in Rhythm

Peggy Lee

Hear my lullaby in rhythm  
Dream your dreams and wander with them  
Evening drums will come and take you through the night  
To my lullaby in rhythm  
All the breezes sigh in rhythm  
Rest my love let nothing wake you till the light

Stars dance, while the shadows creep  
The moon lands gonna swing you up high, swing you to sleep

Hear my lullaby in rhythm  
Dream your dreams and wander with them  
Sand man's gonna come and make you sleep, goodnight

Hear my lullaby in rhythm  
Dream your dreams and wander with them

Hear my lullaby in rhythm  
All the breezes sigh in rhythm

Stars dance, while the shadows creep  
The moon lands gonna swing you up high, swing you to sleep  
Hear my lullaby in rhythm  
Dream your dreams and wander with them  
Sand man's gonna come and make you sleep, goodnight
