You don't no how much I love you You don't no how much I care You don't know much I need you Without you life I can't bear

You don't know baby, you don't know baby, You don't know baby, no you don't, You don't know baby, no you don't, No you can't know how I feel

The flame that you left is still burning Burning down deep in my soul I think of all your loving and kissing It's you I wanna hold

You don't know baby, you don't know baby, You don't know baby, no you don't, You don't know baby, no you don't, No you can't know how I feel

All of my friends call me crazy
For actin' the way that I do
But I just can't help myself
'Cause I'm still in love with you

You don't know baby, you don't know baby, You don't know baby, no you don't, You don't know baby, no you don't, No you can't know how I feel You don't know baby, no you don't, No you can't know how I feel
