

Dark Summer's Day

Pendragon

Long summer's day stays on my mind
I know it's not a good idea to look behind me
Even though it's all through
Wish there was something I could do
It's not hard to say
But I still come back to you

Dark summer's day stays in my mind
It's the sort you can't forget
Oh it is that kind
Even though it sll seems like history

Got to try a little harder
Got to stay a little longer
Might come back to me
Or reoccur a little stronger
Even though I feel weary
Oh go back to bed
All of these stranger thoughts could be inside my head

Dark summer's day stays in my mind
It's the sort you can't forget
Oh it is that kind
Even though it sll seems like history
