

## Paradise

Perkele

You promise and you promise  
Trying to get us to believe  
When are you giving us the truth  
You're talking and you're talking  
Trying to get us on your side  
But you won't take us for a ride

We're waiting for the good times to come  
We're waiting for the change  
We're waiting for the good times to come  
We're waiting for the change  
Waiting for the paradise

We're waiting for the good times to come  
We're waiting for the change  
We're waiting for the good times to come  
We're waiting for the change  
Waiting for the paradise

You're preaching and you're preaching  
Trying to manipulate us all  
But we're convinced that all is just a joke  
You argue and you argue  
Trying to get us to obey  
But you're not fooling us no way

We're waiting for the good times to come  
We're waiting for the change  
We're waiting for the good times to come  
We're waiting for the change  
Waiting for the paradise  
We're waiting for the good times to come  
We're waiting for the change  
We're waiting for the good times to come  
We're waiting for the change  
Waiting for the paradise
