

Yellow & Blue

Perkele

There are people who want to bring me down cause I want to fly
the flag
With my head held high I'm fighting back
for the colours of my land
My feelings are so true to the Yellow
and the Blue
It's the colours of my heart and it always beats for you

(2x)

My heart beats for you
The Yellow and the Blue

There are people full of ignorance
who want to bring me down
They're blind and full of prejudice
and I will fight 'em back
It seems to be a crime
being patriotic these days
But I will always fight for
the Yellow and the Blue
