

I feel better now you're gone
A minute in the sunlight
Can take away a whole life
Still, there's something about you

Once or twice
Everything was lined up straight
There's nothing you could ever trust
Something about you

Hear the clear spot
Did you think that I would call
Cause sometimes I don't feel
Like talking at all

I'm better, now you're gone
A minute in the sunlight
Is nothing you could ever trust
Something about you

Hear the clear spot
Did you think that I would call
Cause sometimes I don't feel
Like talking at all

I'm better, now you're gone
A minute in the sunlight
Is nothing you could ever trust
Something about you

There's something about you
There's something about you
There's something about you
There's something about you
There's something about you
There's something about you
There's something about you
There's something about you
