

Fancy Dancer

Perry Como

See the clouds floating by
in the sky without notice
whispering "I know you"
and the tears in my eyes
never dried from the inside
what am I to do?

I am wanting to find a way
I am needing an answer
I am waiting to see the day
when I'm not just a fancy dancer

Is there no place I can go
is there not a friendly ear?
I am wanting to say "I love you"
wanting to say that I need you
wanting to hear that you love me too!

Every day is just like the last one
nothin's ever new
and I know today will be like tomorrow
nothin' I can do

I am wanting to find a way
I am needing an answer
I am wanting to see the day
when I'm not just a fancy dancer

Is there no place I can go
is there not a friendly ear?
I am wanting to say "I love you"
wanting to say that I need you
wanting to hear that you love me too!

I am wanting to find a way
I am needing an answer
I am wanting to see the day
when I'm not just a fancy dancer

Is there no place I can go?
