

# Somebody Loves Me

Perry Como

Somebody loves me, I wonder who,  
I wonder who she can be.  
Somebody loves me, I wish I knew,  
Who she can be worries me.

For ev'ry girl who passes me, I shout,  
"hey! maybe you were meant to be my lovin' baby?"  
Somebody loves me, I wonder who,  
Maybe it's you!
