

Stay With Me

Perry Como

Stay with me . . . stay with me
don't leave me now when you know how I depend on you
every day . . . every way
my little world revolves all around you . . .

Before you came my way, my days were grim an' gray
but then you smiled, an' I knew dear
my dreams had come true dear . . .
Love is mine . . . you are mine . . .

Now, life is sweet . . .
let me keep the love you've brought to me
Say it's for . . . evermore
say that you'll stay with me!

Say it's for . . . evermore
say that you'll stay an' stay
please say that you'll stay . . . with me!
