

# I Changed The Rules

Peter Cincotti

Don't keep on asking where I've been  
I'm not some guy you discipline  
Stop that crying, no use justifying  
Baby, I changed the rules

Don't keep me waiting at the door  
I'm not some cat that you ignore  
Keep on whining and I'll keep on declining  
Baby, I changed the rules

You can't stop me from shooting the breeze  
I always say and do as I please  
But don't stop trying, you know I'm gratifying  
Keep the pace, you're in the race

You feel the heat right by my side  
Stay close, I'll take you for a ride  
Stimulating really intoxicating  
Baby, I changed the rules

You can't stop me from shooting the breeze  
I always say and do as I please  
But don't stop trying, you know I'm gratifying  
Keep the pace, you're in the race

You feel the heat right by my side  
Stay close, I'll take you for a ride  
Stimulating, really intoxicating  
Baby, I changed the rules
