

# Miss Brown

Peter Cincotti

Who do you think is comin' to town?  
You'll never guess who?  
The lovable, hugable Emily Brown  
She's Miss Brown to you

What if the rain comes pattering down?  
My heaven is blue  
Tennessee sending me Emily Brown  
She's Miss Brown to you

I know  
I know her eyes will thrill ya  
But go slow  
Don't you all get too familiar

Why do you think she's comin' to town?  
You just wait and you'll see  
The lovable, hugable little Miss Brown  
She is baby to me

I know  
I know her eyes will thrill ya  
But go slow, just take it slow  
Don't you all get too familiar

Why do you think she's comin' to town?  
Just wait and you'll see  
The lovable, hugable little Miss Brown  
She is baby to me  
She is baby to me  
Yeah, she is baby to me
