

I Need Ground

Peter Frampton

I am swimming
With the birds
Hanging on her
Every word
I walked a while
For my desire

Like a siren
Voice so sweet
Woman, rock me
Off my feet

She won't let me fall from grace
Just in case

I need ground:
Somewhere soft to lay
When I come down
Somewhere safe to stand
When she's around
I'm not the Superman
That I think I am
I need ground

I am floating
Flying blind
Out of body
Out of mind

Not so steady as he goes
Heaven knows

I need ground:
Somewhere soft to lay
When I come down
Somewhere safe to stand
When she's around
I'm not the Superman
That I think I am
I need ground

Take me to a higher place
Look an angel in the face
Don't look now
I need ground

I need ground
Somewhere safe to stand
When she's around
I'm not the Superman
That I think I am
I need ground
I need ground
I need ground
