Lovetown

Peter Gabriel

People go naked and pick up these trails Someone before me laid down these rails When it's loaded up too heavy, This engine fails In lovetown I can't settle down And do those teeth still match the wound Take a good look around In lovetown

Aaahha, aaahha Looking in lovetown Aaahha, aaahha This is lovetown

Sometimes youre stormy water On which I pour my oil In each others shadow The roots reach into the soil All these knots so tightly tied We could not uncoil In lovetown No place to settle down And do those teeth still match the wound Take a good look around In lovetown

Aaahha, aaahha This is lovetown Aaahha, aaahha Looking in lovetown

Whoa lonely lips will find these hidden scars? Whoa seen the kisses left in dimlit bars? Whoa out in the streets, looking for love like ours? Whoa looking in lovetown tonight?

Have you got what you want Said have you got what you need With what you did and what you saw Did you find you needed more Have you got what you came for Are you really so sure Are you really so sure

Looking in lovetown In lovetown Living in lovetown Hey yeah yeah.
