

Jah Guide

Peter Tosh

Here though I trod through this valley
I will fear no evil

(2x)

'Cause I know

Jah Guide(3x)

Jah Guide(2x) I through this valley

And I know he will

When I'm trodding through this valley

I know he will

(CHORUS)

Though my enemies fight me everyday

I will fear no evil

Though my enemies set traps in my way

Still I will fear no evil

CHORUS

Many petty workers dig pits every day

But I don't fear no evil

Oh the petty workers fight me everyday

Still I will fear no evil

CHORUS

Pestilence lurks in dark places

And I fear no evil

Destruction walk with smiling faces

Still I will fear no evil

CHORUS

When I'm walking the streets

I know he will(Precedes each line below)

When I'm smoking my pipe

When I'm troddin the earth

When I'm driving the road

When they dig pits in my way

When they try to keep me down
