

Little Green Apples

Peter Tosh

If that's not loving me all I got to say God didn't make
the little green apples It don't snow in Indeanopolos
when the winter comes There is no such thing like Doctor
Seuss Mother Goose Disneyland there's no nursery rhyme I
say God didn't make the little green apples It don't rain
in Indianapolis in the summertime There no such thing
like there's no nursery rhyme I gave her all my
heart she wanted, she wanted all of my very soul . .
'cause I was born that way God didn't make the little
green apples It don't rain in Indianapolis in the
summertime There no such thing like Doctor Seuss
Disneyland Mother Goose there's no nursery rhyme I say
God didn't make the little green apples It don't snow
down in Indianapolis when the winter comes There no such
thing like there's no nursery rhyme All of my
love, all of my heart ooo, won't you take it, care it,
keep it mmmmm I was always missery 'cause I was just born
that way I say God didn't make the little green apples It
don't snow down in Indianapolis when the winter comes
There no such thing like Doctor Seuss Disneyland Mother
Goose no nursery rhyme oe, God didn't make the little
green apples It don't snow in Indianapolis when the
winter comes There no such thing like there's no
nursery rhyme
