

Cruel World

Phantogram

"I'm putting you out of your misery
cuz darling you're dragging me down
I used to see beauty in people,

but I'm over that now, I'm taking you out
it's a cruel, cruel world

I used to see beauty in people,
now I see gristle and bones?
You know I never wanted to hurt you
well I'm sorry my friend, this is the end
So I'm sayin' my goodbye

Goodbye to my good side
It only ever got me hurt
and i finally learned
it's a cruel, cruel world
it's a cruel, cruel world

You ask me for my ____?
I'm sorry but I ____?
I'm ____? all the ties?
So I'm sayin' my goodbye

Goodbye to my good side
It only ever got me hurt
and I finally learned
it's a cruel, cruel world
it's a cruel, cruel world
cruel, cruel world"
