

# Gust of Wind

Pharrell Williams

[Verse 1:]

My heart is filled, with love and care  
Not an ounce of gas I would get up there  
It's simple  
You lift me up  
The view up here I see all the stars  
Ooh there go Venus and there go Mars  
Something you been through  
You're from above, hey

[Bridge 1:]

When I first saw you I got excited  
Tried to keep my composure, tryna hide it  
But I didn't know, I didn't let go  
Then it occurred to me while tryna fight it  
Just like a kite, you lurk to ride it  
But I didn't know  
You're s'posed to let it go

[Pre-Chorus:]

Like a gust of wind  
You hit me off sometimes  
Like a gust of wind  
You push me back every once in a while  
Like a gust of wind  
You remind me there's someone up there  
Who ushers in the air I need to power my sail

[Chorus:]

When I open the window  
I wanna hug you  
'Cause you remind me of the air  
I said it yeah  
'Cause when I'm feeling real low  
I remember I love you  
I put my hands in the air  
And you are there

[Verse 2:]

With your love I can board the skies  
Riding away that electric ride  
Mothership OTHER, can I stow away  
Colourful wings of the northern sky  
Is the closest thing, and here is why  
'Cause we're color, you blow me away

[Bridge 2:]

I need you, like I breathe it  
Music umbrellas can make a cover  
Who cares if they don't see it?  
Don't you know that they're the same?  
I need it like I breathe it  
If you never discover, forever you'll suffer  
Who cares if they don't see you?  
You got until then to learn the way

[Pre-Chorus]

[Chorus]
