

Getting Closer

Phil Keaggy

The time has come, be ready
Has anyone been forgetting
We are traveling to a different world,
A different setting.

Do you have dreams of paradise?
You'll see the King with your own eyes.
I'm no fool for believing in You
And I'll tell the whole world now.
'Cause I'm forgiven and I'm gonna be livin'
For eternity with You now.
We are traveling to... that's right.

We're going to Heaven and before you
Count seven Home is coming into view now.
Do you have dreams of paradise?
You'll see the King with your own eyes.

Going there, we're going there,
We're getting closer then we're there.

The time has come, be ready
Has anyone been forgetting
We are traveling to a different world,
A different setting.

Do you have dreams of paradise?
You'll see the King with your own eyes.
Going there, we're going there,
We're getting closer then we're there.
