

Love Is the Reason

Phil Keaggy

Love is the reason for us now
This is the season for us now
This is our time, our moment in the sun

Trust is the key to our home, Love
This is our freedom and joy, Love
This is our time, the time new life's begun

All is renewed in the springtime
All is reborn in His time
Meeting you brought me the healing I needed
I am yours and you are mine.

Never knew this could happen
Never a clue this would happen
This long awaited moment in the sun

Faith is the door we now enter
Always before us we center
Our vision, our purpose
Together as one

All is renewed
In the springtime
All is reborn in His time
Meeting you brought me
The healing I needed
I am yours and
You are mine.

God is so good I remember
The touch of His love,
Of His grace
All that I longed for,
All that I dreamed for
I found revealed in your face

Love is the reason for us now
This is the season for us now
This is our time,
Our moment in the sun

All is renewed
In the springtime
All is reborn in His time
Meeting you brought me
The healing I needed
I am yours and your are mine
