

Noah's Song

Phil Keaggy

Lift up your wings and fly,
Fly away far across the sea,
And bring to me the sign
That we are blessed free.

See how the sun shines in,
Oh how I've missed the warmth of light,
And sing to me the song
That removes the night.

Rain, rain, You were pouring rain
I wonder, Lord, were they tears of pain
Yet You saved me, Oh I praise You,
Hallelujah, all Your words are true.
See the rainbow, all creation new.

Speak now, Your servant hears,
For in my heart Your promise lives.
It says to me, all life is from You a gift.
See how the sun shines in,
Oh how I've missed the warmth of light,
And sing to me the song
That removes the night.

Rain, rain, You were pouring rain
I wonder, Lord, were they tears of pain
Yet You saved me, Oh I praise You,
Hallelujah, all Your words are true.
See the rainbow, all creation new.
