- 2. Strangers passing in the street By chance two separate glances meet And I am you and what I see is me And do I take you by the hand And lead you through the land And help me understand the best I can
- R: And no-one calls us to move on And no-one forces down our eyes And no-one speaks and no-one tries And no-one flies around the sun
- 3. Cloudless everyday you fall
 Upon my waking eyes
 Inviting and inciting me to rise
 And through the window in the wall
 Come streaming in on sunlight wings
 A million bright ambassadors of morning
- R: And no-one sings me lullables
 And no-one makes me close my eyes
 So I throw the windows wide
 And call to you across the sky
