

# High Hopes

Pink Floyd

**Ami**                      **Ami7**                      **F**  
1. Beyond the horizon of the place we lived when we were young  
**Ami**                      **Ami7**                      **F**  
In a world of magnets and miracles  
**Ami**                      **Ami7**                      **F**  
Our thoughts strayed constantly and without boundary  
**Ami**                      **Ami7**                      **F**  
The ringing of the division bell had begun

**Ami**                      **G**                      **E7**  
\*: Along the long road and on down the causeway  
**Ami**                      **G**                      **E7**  
Do they still meet there by the cut

2. There was a ragged band that followed in our footsteps  
Running before time took our dreams away  
Leaving the myriad small creatures trying  
to tie us to the ground  
To a life consumed by slow decay

**F**                      **Ami**                      **EF**  
R: The grass was greener  
**G**                      **Ami**                      **CDmi**  
The light was brighter  
**F**                      **Ami**                      **EF**  
With friends surrounded  
**G**                      **Ami**                      **CG**  
The nights of wonder

3. Looking beyond the embers of bridges glowing behind us  
To a glimpse of how green it was on the other side  
Steps taken forwards but sleepwalking back again  
Dragged by the force of some inner tide  
At a higher altitude with flag unfurled  
We reached the dizzy heights of that dreamed of world

\*: Encumbered forever by desire and ambition  
There's a hunger still unsatisfied  
Our weary eyes still stray to the horizon  
though down this road we've been so many times

R: The grass was greener  
The light was brighter  
The taste was sweeter  
The nights of wonder  
With friends surrounded  
The dark mist glowing  
The water flowing  
The endless river

Forever and ever...
