

# Beautiful Trauma

Pink

We were on fire  
I slashed your tires  
It's like we burned so bright we burned out  
I made you chase me  
I wasn't that friendly  
My love, my drug, we're fucked up, oh

'Cause I've been on the run so long they can't find me  
You waking up to remember I'm pretty  
And when the chemicals leave my body  
Yeah, they're gonna find me in a hotel lobby 'cause

Mmm tough, times they keep coming  
All night laughing and fucking  
Some days like I'm barely breathing  
And after we were high in the love, doped out

It was you  
The pill I keep taking  
The nightmare I'm waking  
There's nothing, no nothing, nothing but you  
My perfect rock bottom  
My beautiful trauma  
My love, my love, my drug, oh

My love, my love, my love, my drug, oh  
My love, my love, my love, my drug, oh  
My love, my love, my love, my drug, oh  
My love... my love, my drug, we're fucked up

You punched a hole in  
The wall and I framed it  
I wish I could feel things like you  
Everyone's chasing  
That holy feeling  
And if we don't stay lit we'll blow out  
Blow out

'Cause we've been on the run so long they can't find us  
Who's gonna have to die to remind us  
That it feels like we chose this blindly  
Now I'm gonna fuck up a hotel lobby 'cause

These tough, times they keep coming  
Last night I might have messed it up again  
Some days like I'm barely breathing  
And after we were high in the love, doped out

It was you  
The pill I keep taking  
The nightmare I'm waking  
There's nothing, no nothing, nothing but you  
My perfect rock bottom  
My beautiful trauma  
My love (my love), my love, my drug, oh

My love, my love, my love, my drug, oh

My love, my love, my love, my drug, oh  
My love, my love, my love, my drug, oh  
My love... my love, my drug, we're fucked up

Mmm tough, times they keep coming  
All night laughing and fucking  
Some days like I'm barely breathing  
And after we were high in the love, doped out

It was you  
The pill I keep taking  
The nightmare I'm waking  
There's nothing, no nothing, nothing but you  
My perfect rock bottom  
My beautiful trauma  
My love, my love, my drug, oh
