

Vain In Costume

Pissed Jeans

Vein in costume, it's so good to be me
At least as long as I am looking like someone else
It's true - not talking about you
I'm trying to create a brand new state of being
That's me - or at least what you see
Or maybe just what i'm willing to give
'Cause this is all I wanna be, and I know I can do it

Trust me - I've found the perfect way to be
Smiling - at all the reactions I receive
My pleasure - I swear it's not you, it's me
Tempting - to stay right here and never leave

Vein in costume, like something from a dream
Finally become my own celebrity
I'm he, a freak that's so obscene
They haven't figured out an insult that fits me
So free, I wear it to a T, even if I can't quite pay for it
Not relly - it ain't cheap, but maybe I'm still worth it

Trust me - I've found the perfect way to be
Smiling - at all the reactions I receive
My pleasure - I swear it's not you, it's me
Tempting - to stay right here and never leave

Vein in costume, restricted but so free
It takes a disguise to reveal the real me
