

## Permanent

## Pissing Razors

All that I am  
Is all I used to be  
In my life, you've taken over n ow  
Feeling released  
Wears the memory thin  
Permanent scars of the time we've lost

Now we have fallen - now have we lost...

Who am I now  
To roam this eath without  
Feeling distressed  
Entailed with so much hate  
Feeling Relieved

Wears the memory th ink  
Permanent scars of the time I've lost

I've got lots of anger, inside my mind  
I'd really like to share it with you  
But you just come and go
