

# Harder

PJ Harvey

Oh oh my my my  
My bed's up all night  
Work me till i moan  
Drives me out of my mind

Why it's so hard  
You're made out of cold steel  
Why it's so hard  
Music man running my wheel

Just keep me burning

Just keep me yearning  
Put my whole body on fire  
Burning whole body desire

Why it's so hard  
Yeah taking me over  
Why it's so hard  
My cold steel soldier

Harder (3x)  
Vow

Oh oh make me beg  
He's sweet in my bed  
Work me till i'm done  
Mad dog can sure hunt

Why it's so hard  
Daddy made out of cold steel  
Why it's so hard  
C'mon daddy drive my wheel

Harder (3x)  
Wow

Why it's so hard  
You're taking me over  
Why it's so hard  
My cold steel soldier

Harder (3x)  
Yeah
