

One Or The Other

Plankeye

I watched you through star-struck eyes as you fell down
The words you spoke, I'd like to think you were sincere
Now I find my way backstage, fill my mouth with what's to taste
And what I'm saying, man is yeah, I see, I understand
And I can't blame you
I know you had to
It was one or the other, it was you or your brother
Should he change your mind; bring you around; clear the smoke,
I really hope to see you there
We'll reminisce when we're upstairs
When it comes around who really cares?
What I'm saying, man is yeah, I see, I understand
And I can't blame you
I know you had to
It was one or the other
it was you or your brother
(It was you)
