Player

She really turned me over  
Made to feel completely by surprise  
I have found the love I needed all my life  
And it's all right there in Melanie's eye  
Listen to me

But she's been hurt before, so she's cruel to me  
Until my thoughts pray that it seems  
Though I've only known her for a few days  
I love that girl forever in my dreams

Though it makes me wonder (wonder)  
Should I show my love or hold it under? (under)  
I might spoil my chance of making her love me  
Melanie

Well, I know I made many mistakes before  
And I'm so tired of ninety-five percent love

So I'm treating the situation carefully  
I'm taking steps to attract your love

And though it makes me wonder (wonder)  
Should I show my love or hold it under? (under)  
I might spoil my chance of making her love me  
Melanie

Though it makes me wonder (wonder)  
Should I show my love or hold it under? Oh yeah  
I might spoil my chance of making her love me  
Melanie

Ooh Melanie, Melanie  
Ooh yeah yeah  
Though it makes me wonder (wonder)  
Should I show my love or hold it under? Oh yeah  
I might spoil my chance of making her love me
