Someone's gotta hear this...

Beautiful girl,

You must've been a beautiful baby too

Beautiful woman,

You must've had your moments inside the sun

Beautiful girl

Beautiful stranger Why do you have to walk with your head hung low Beautiful girl

Your eyes are mockingbirds inside a guilded cage Your life's a silent movie that I haven't heard for ages Tell me everything, someone's gotta hear this Beautiful thing

Beautiful mother, frozen in ice I've waiting for you to grow for my whole life Beautiful girl

Your eyes are mockingbirds inside a guilded cage Your life's a silent movie that I haven't heard for ages Tell me everything, someone's gotta hear this Beautiful thing (so beautiful)
