

Everywhere I Go

Pony Pony Run Run

Everywhere I go go
Everytime you see me
Everytime I feel sorry
Everywhere I'll go, you'll be near

In the night
We walked
Second time
We met
I was right
You loved it
(I know) you understood what I said
Several nights
Before
I was deeply lost
Perfect time
To meet you
I will never (will) never forget

Hear me

What you see is what you get
But at this time I (can) only expect
Maybe tomorrow, you still be there
Nobody knows, nobody knows

But on my way
I went too far
This game we play
Is what we are
