

Fountain Of Lies

Pop Levi

Fountain of lies
Straight from her mouth
A fountain of lies
Watch what's coming out
The fountain of lies
Fibbing her way to my soul

Fountain of lies, fountain of lies!

How should I act
Never knowing a fact?
And what would you do?
Never truth coming through
The fountain of lies
Fibbing its way to my soul

Fountain of lies, fountain of lies!

Though I'm not much better than her
Since I got together with her
No, I'm not much better than her
Since I got together with her

There's a mountain of lies
Straight from my mouth
A mountain of lies
Watch what's coming out
The mountain of lies
It's a fountain of lies
Fibbing its way to my soul

Fountain of lies, fountain of lies!

To my soul

You know 'bout the magick, honey!
How do you know 'bout the magick?
You know 'bout the magick, honey!
How do you know 'bout the magick?

Darlin', please!
Standing on my knees
