

Angel on My Shoulder

Popa Chubby

Angel on my shoulder
Lying in my bed
Telling me to listen
To the words inside my head
Poundin' out the rythm
Beatin' out of time
Angel on my shoulder
Come and ease my troubled mind

Angel on my shoulder
Crying tears of shame
Said she came down to my soul
To take away my pain
Standing on the mountain
I don't know what to say
Angel on my shoulder
Gonna help me find my way

Through the darkness
Gonna ease my troubled mind
Through the valley
Gonna spread her wings and fly

Angel on my shoulder
Tell me who you love
Who do you desire
Am I the one you're thinking of
Can I be your angel
Do I have to die
How do I release my soul
Spread my wings and fly

Through the darkness
Gonna ease my troubled mind
Through the valley
Gonna spread my wings and fly
