Powerman 5000

```
blast off, blast off to nowhere
blast off ... this time to go
blast off, blast off to nowhere
blast off \dots are you really what you think so
please just kill me now
or get me off this \operatorname{rock}
cause i can't stand to see your faces
and i can't stand to hear you talk
blast off, blast off to nowhere
blast off ... this time to go
blast off, blast off to nowhere
blast off ... are you really what you think so
prepared for anything
case this time is for real
burn the souls of those left behind
and i don't care how you feel
cause it's time...
to blast OFF
```
