

# Builders Of The Future

Powerman 5000

We are the children builders of the future  
We are the dumb, the desperate and frustrated  
We are the lost, the lonely, over rated  
We are the children builders of the future

We are the dumb, the desperate and frustrated  
We are the lost, the lonely, over rated  
We are the bloody, the beaten and the bruised  
We are the freaks, forgotten and abused

We are the deadly, the dire and unclean  
We are the hopeless, unhappy and the mean  
We are the godless, the gutless with a gun  
We are the ones that are looking for some fun

Gonna rule the world  
Gonna take it over  
Gonna rule the world  
No turning back  
Gonna rule the world  
Gonna take it over  
Gonna rule the world
