

End

Powerman 5000

take it to the end dead  
take it to the end  
take it to the dead end

check the man on the corner  
who could it be, i can't see  
cause his face is covered with a hood

I should and I could of expected  
my life was disconnected  
the darker it gets the better I feel  
the less I see the more things seem real  
I move on, the hate i feel is to strong  
connection, is made from the inner yeah  
I'm stayin true but still I'm made to look like  
a sinner who stole the soul of me

I broke the mold

roll, I roll, I roll with the punches  
got nothing but to move (?)  
and I find that yeah

take it to the end dead  
take it to the end  
take it to the dead end

the (?) and the creature with a happy face  
glad to see you run when you run in place  
glad to see your ass when your lost in space  
the final punch here is here yeah

stranger in a strange land  
is what I chose for myself  
I think the choice was right  
for my mental heath  
'cause now no one will follow me yeah  
now no one will follow me

and if they do

they're sure to get lost in the haze  
I got maze after maze after maze after maze  
it's amazing its all in the brain  
so get your ass some water  
'cause the shit is now blazing

check yourself  
put yourself in check  
free your mind  
then you come correct  
I expect to give what I get  
and get what I give  
and I know that you jet  
when I step  
life's around for the fool yeah  
find ya lost yeah

your brain by the bruise  
I ain't givin  
no disrespect  
just find my space and i disconnect  
I disconnect  
i disconnect  
yeah

and I burn for 25 years
