You're so alive but you're feeling kind of dead inside  
With every step of regret filled with compromise  
There's no escape still you wait for the end to show  
A flash of light tonight for you

Go get your bones

To fill you up but you're empty now

Go get your bones  
Go get your bones

It's all a maze when you're living in the abstract  
Nobody's real still you feel they'll be coming back  
The flesh and blood fill the mud as the spirits rise  
There's no way to protect you now

Go get your bones

Go get your bones  
Go get your bones  
Go get your bones  
Go get your bones  
Go get your
